

# Nonflammable translucent sheet HALFCLEAR

This is a nonflammable translucent sheet containing glass fiber foundation cloth.

- **Material**  
Basecloth : Glassfiber 100%  
Resin : Polyvinyl chloride(PVC)
- **Non-flammable**  
Qualified product by Minister of Land  
Certificated as non-combustible matter
- **Flameproof**  
Fireproof products certified  
by the Japan Fire Retardant Association
- **Well-lighting**  
Transmittancy 59.7%
- **With antistatic function on both sides**

Item	Roll size	Weight	Thickness	Tensile strength	coefficient of breaking extension	Tear strength
Material Values	1100mm x 50M	350g / m <sup>2</sup>	0.27mm	longitudinal 1490(N/3cm) lateral 950(N/3cm)	longitudinal 5.0% lateral 4.7%	longitudinal 62N lateral 33N

# Nonflammable translucent sheet HALFCLEAR-W

This is a nonflammable translucent sheet containing glass fiber foundation cloth.

- **Material**  
Basecloth : Glassfiber 100%  
Resin : Polyvinyl chloride(PVC)
- **Non-flammable**  
Qualified product by Minister of Land  
Certificated as non-combustible matter
- **Well-lighting**  
Transmittancy 59.7%
- **Features**  
With antistatic function. Measures taken against sick building syndrome, soil-resistant finish both sides, antibacterial composition, meeting the school environment standard

Item	Roll size	Weight	Thickness	Tensile strength	coefficient of breaking extension	Tear strength
Material Values	2040mm x 30M	326g / m <sup>2</sup>	0.27mm	longitudinal 1228(N/3cm) Lateral 1144(N/3cm)	longitudinal 3.9% Lateral 4.3%	longitudinal 46N Lateral 40N
